

Circles Worksheet

Parts of Circle

Identify the parts of each circle.

1)

Circle = _____ Chord = _____

Radius = _____ Tangent = _____

Diameter = _____ Secant = _____

2)

Circle = _____ Chord = _____

Radius = _____ Tangent = _____

Diameter = _____ Secant = _____

3)

Circle = _____ Chord = _____

Radius = _____ Tangent = _____

Diameter = _____ Secant = _____

4)

Circle = _____ Chord = _____

Radius = _____ Tangent = _____

Diameter = _____ Secant = _____

Area & Circumference

Find the exact area and circumference of each circle.

1)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

2)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

3)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

4)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

5)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

6)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

7)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

8)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____

9)

Radius = _____
 Diameter = _____
 Area = _____
 Circumference = _____
